DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

AUTHORIZATION

Authorization for this examiner's amendment was given in a telephone interview with Mr. Gregory Schivley on January 03, 2006.

TO CLAIMS

To cancel claim 6 and insert it into the independent claim 1.

Also, cancel claim 13 and insert it into the independent claim 7.

Allowable Subject Matter

Claims 1-5, 7-12 and 14-16 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the combined claims define over the prior art. The cited prior art does not disclose or suggest a semiconductor device inter alia the limitations "...forming a wiring layer consisting of wiring extending over the stress relief layer; forming outer electrodes over predetermined portions of the wiring layer to electrically connect the outer electrodes to

the wiring layer over the stress relief layer wherein the method further comprises the step of: forming a dielectric layer by applying dielectric liquid by an inkjet method on the predetermined portions after the step of forming the wiring layer, such that the wiring layer, the dielectric layer and the outer electrodes form capacitors above the stress relief layer; wherein the method further comprises the step of forming multiple wiring layers in which stress relief layers and wiring layers are alternately laminated, and adjacent wiring layers are electrically connected to each other with intervention of a dielectric layer sandwiched between the wiring layer and the outer electrodes...."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chuong A. Luu whose telephone number is (571) 272-1902. The examiner can normally be reached on M-F (6:15-2:45).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David C. Nelms can be reached on (571) 272-1787. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
